### SECTION 4. FIRST AID MEASURES

| General advice :  | : | First aid personnel should pay attention to their own safety.<br>Immediately remove contaminated clothing.   |
|---|---|--|
| If inhaled :  | : | If difficulties occur after vapour/aerosol has been inhaled, remove to fresh air and seek medical attention.   |
| In case of skin contact :   | • | After contact with skin, wash immediately with plenty of water<br>and soap.<br>Under no circumstances should organic solvent be used.<br>If irritation develops, seek medical attention. |
| In case of eye contact :  | : | Remove contact lenses, if present.<br>Wash affected eyes for at least 15 minutes under running<br>water with eyelids held open, consult an eye specialist.                               |
| If swallowed :  | : | Immediately rinse mouth and then drink 200-300 ml of water,<br>seek medical attention.<br>Do NOT induce vomiting.  |
| Most important symptoms :<br>and effects, both acute and<br>delayed | : | May cause an allergic skin reaction.<br>May cause cancer by inhalation.<br>Causes damage to organs through prolonged or repeated<br>exposure if inhaled.                                 |

Not classified based on available information.

#### STOT-single exposure

Not classified based on available information.

#### STOT-repeated exposure

Causes damage to organs (Lungs) through prolonged or repeated exposure if inhaled. May cause damage to organs (Kidney, Immune system) through prolonged or repeated exposure if inhaled.

#### Aspiration toxicity

Not classified based on available information.

#### **Further information**

#### Product:

Remarks

: Health injuries are not known or expected under normal use. The product has not been tested. The statements on toxicology have been derived from the properties of the individual components.
