, Ucrete MF

### The background

Cook Door is one of the famous Fast food Company in Egypt. The customer built his own kitchen in Obour City.

The customer need very tough floor to resist the exposure of meat and bakery process

### The challenge

The consultant is not convinced for Master Builders Solutions Construction Chemicals, there is no reference for Master Builders Solutions flooring materials in main kitchen in Egypt.

Great follow up from Master Builders Solutions, four months are required to test the sample by the consultant to get this project

## Project Profile: Food Industry , Obour, Cairo -Egypt

### Our solution

The consultant selected our combined epoxy system Mtop 1240 + Mtop 1230 in the cold room area and he selected our special Ucrete MF 4 mm in the food processing area

### Customer satisfaction

The owner and the consultant were so delighted with the performance & installation of Epoxy and Ucrete

### Advantages at a glance:

- Fast curing
- Non-tainting
- Impact resistant
- Hygienic & easy to clean
- Resistant to a wide range of chemical
