The Village Bakery, Wrexham

Flooring solution for production area expansion

Our reference in Wrexham, United Kingdom: Village Bakery

The background

The family-owned and managed Village Bakery craft bakery based in Wrexham produces an award-winning range of fresh bread and rolls, pies and morning goods.

Due to increased demand, Village Bakery wanted to extend its production capacity and an extension was commissioned to meet the higher volume production requirements.

The challenge

The extension to the production facility was designed as a fast track project. The increased capacity was to meet the growing demands on the bakery to supply major retail customers with a variety of products including crumpets and pancakes.

The requirement was for a high-quality floor finish that was hygienic, cleanable and slip resistant, even in known problematic bakery areas.

The Village Bakery, Wrexham

Flooring solution for production area expansion

Our reference in Wrexham, United Kingdom: Village Bakery

Our solution

Following on from previous successful applications undertaken at the three existing Village Bakery sites in Wrexham, over 2,000m² of Ucrete UD200 was applied throughout the new extension. Ucrete UD200 met requirements for a slip resistant coating that is as cleanable as stainless steel and HACCP certified for use in food production environments.

The customer's benefit

- Ucrete UD200 met the client's requirement for a slip resistant floor finish with the same cleanability as stainless steel.
- Tried and tested flooring systems with a proven track record within the bakery industry
- The client's floor was prepared, primed, laid and completed within a tight construction schedule with no disruption to the existing 24/7 production schedule.

Projects facts at a glance

- Project completed to schedule and within budget
- No disruption to existing production
- Hygienic, slip resistant floor finishes achieved
- Ucrete flooring was able to accommodate complicated detailing, including drains

Master Builders Solutions by MBCC Group

The Master Builders Solutions brand expresses MBCC Group's expertise in providing customized chemical solutions for new construction, maintenance, repair and restoration of structures.

Master Builders Solutions is built on the experience gained from more than a century in the construction industry. At the core of the Master Builders Solutions brand is the combined know-how and experience of a global community of construction experts, who connect with you to solve all of your construction challenges.
