

# MasterTop® F11

High-quality, decorative coloured quartz aggregates for use in conjunction with MasterTop Floor Coatings, Ucrete and MasterSeal Traffic Systems

## DESCRIPTION

**MasterTop F11** coloured, rounded edge quartz aggregates are coated in a thin layer of binder containing the pigments that give the quartz grains their individual colour. They are used with various epoxy and polyurethane products to produce decorative, high strength, durable, trafficable floors with smooth and slip-resistant profiles. Sophisticated colour-coating processes are used to ensure superior bonding of the coating with the quartz body, for effective protection of the floor against all kinds of traffic.

### Sizes:

0.3mm – 0.8mm

0.6mm – 1.2mm

*\*Other sizes available on request*

## PRIMARY USES

**MasterTop F11** coloured quartz aggregates are designed to increase the decorative aesthetics, impact and slip resistance of hard wearing, decorative floor coatings and traffic deck systems.

## TYPICAL APPLICATIONS

**MasterTop F11** coloured quartz aggregates, can be used in internal and external applications where highly decorative aggregates or coloured quartz flooring is required.

**Note:** In order to obtain best working results, it is therefore strongly recommended to carefully and homogeneously blend various batches avoiding high shear forces.

This product is a natural product, which means, that colors may slightly differ from batch to batch respectively from pallet to pallet.

Please use material from only one batch or mix two batches for continuous areas.

## ADVANTAGES

- High impact resistance
- Durable
- Highly decorative
- Colour-fast
- Wear resistant
- Non-oxidising
- Slip resistant
- Improves bond
- Reduces dusting

## PACKAGING AND COLORS

**MasterTop F11** aggregates are available in 25kg bags.

Available in following standard mixes:

Smoke, River Rock, Arctic Ice, Cool Red and Silver Stone.

For uni-colours please contact your Master Builders Solutions Technical Department.

## COVERAGE / YIELD

As per the relevant Master Builders Solutions Product Method Statements and Technical Data Sheets.

## STORAGE AND SHELF LIFE

Store out of direct sunlight, clear of the ground on pallets protected from rainfall. Avoid excessive compaction. The shelf life is 12 months.

# MasterTop<sup>®</sup> F11

## HEALTH AND SAFETY

**MasterTop F11** aggregates are inert and harmless, however, as with other products containing Portland cement and resins, **MasterTop F11** aggregates mixes may cause irritation. In case of contact with eyes, immediately flush with plenty of water for at least 15 minutes. Call a physician. In case of contact with skin, wash skin thoroughly. For further information refer to the material safety data sheet.

## QUALITY AND CARE

All products originating from Master Builders Solutions Dubai, UAE facility are manufactured under a management system independently certified to conform to the requirements of the quality, environmental and occupational health & safety standards ISO 9001 and ISO 14001.
