

Jabi Lake Mall, Cold room Abuja, Nigeria

Project:

Jabi Lake Mall

Location:

Abuja, Nigeria

Project completion:

2015

Owner/s:

Laurus

Applicator/Contractor:

Cretech Global/Bouygues Nig

Market sector:

Performance Flooring

Products used:

Ucrete[®] UD200

The background

This new shopping mall required the installation of a flooring system for the cold room with ability to withstand low temperatures of -20°C. The mall provides shopping spaces for major supermarkets like Game, Shoprite, and others. Master Builders Solution provided the appropriate flooring solutions for the cold room.

The challenge

- On-site material application temperature needed strict control due to high ambient temperatures (between 30 - 34°C)
- Tight project timeline to be met
- Intricate project execution requirements and collaboration with rest of Guinness production and engineering teams
