

MasterBrace® ADH 8900

Single-component polyurethane-based adhesive to bond TPO/FPO and PVC-P membranes

DESCRIPTION

MasterBrace ADH 8900 is Mono-component adhesive formulated with polyurethane, liquid with medium-low viscosity, moisture-curing, with controlled expansion, specially formulated to bond TPO/FPO and PVC-P membranes coupled to felt.

PACKAGING

MasterBrace ADH 8900 is available in 12 kg

TYPICAL PROPERTIES

Color White

Specific weight at 1.15+2% g/cm³

20°C:

Viscosity at 20°C: 2,500+500 mPa.s Water Solubility Non soluble Flammability: 190°C

APPLICATION PROCEDURE PREPARATION

The supports must be clean and without inconsistent elements on the surface.

APPLICATION:

The adhesive can be spread and levelled using a brush or another similar tool, considering about 300÷700 gr/mq applied on the whole support surface. After 5/15 minutes (according to the related environmental or support humidity), when the glue starts his reaction of foaming becoming white, it's possible to proceed by laying the membrane. First curing is after 2-4 hours while maximum adhesion level is obtained within few days. To obtain the better result, use all the quantity contained in one can.

STORAGE

Store under cover out of direct sunlight and protect from extremes of temperature. In tropical climates the product must be stored in an air conditioned environment.

Stocking period in original tank, sealed and at room temperature, 5 months. Failure to comply with the recommended storage conditions may result in premature deterioration of the product or packaging. For specific storage advice consult Master Builders Solutions's Technical Services Department.

COVERAGE

Considering about 300÷700 gr/mq applied on the whole support surface.

EQUIPMENT CARE

Do not use any solvents containing alcoholic groups. The laying tools can be cleaned with solvents or methylethylketone.

SAFETY PRECAUTIONS

As with all chemical products, care should be taken during use and storage to avoid contact with eyes mouth, skin and foodstuffs (which can also be tainted with vapor until product fully cured or dried). Treat splashes to eyes and skin immediately. If accidentally ingested, seek immediate medical attention. Keep away from children and animals. Reseal containers after use. For further information refer to the material safety data sheet.

NOTE

Field service, where provided, does not constitute supervisory responsibility. For additional information contact your local Master Builders Solutions representative.

Master Builders Solutions reserves the right to have the true cause of any difficulty determined by accepted test methods.
