2 Flake Blends for Decorative Floors

Flake

Create a unique and durable space by enhancing your resinous floor with designer FLAKE. Unlike conventional flooring options, FLAKE is available in a wide range of colors, sizes, styles, and blends that can be custom designed to accent, balance, complement, and influence any environment. Our unique approach to customization allows you to economically personalize your floor and enhance any decor.

When added to resinous floor systems, FLAKE enhances the appearance and texture of the floor as well as protecting its integrity. Seamless FLAKE floors are an economical floor finishing solution that are easy to maintain.

*Fluorescent colors are not UV stable and are only intended for indoor use.

[◇] Photo Luminescent FLAKE are exclusively designed to be decorative in nature and serve to functionally enhance the aesthetic qualities of resinous flooring and wall coating systems. Glow FLAKE is not recommended to provide safety lighting.

Quartz Overview

QUARTZ achieves design and durability in the harshest flooring environments. With a selection of over 40 colors and signature blends, QUARTZ is also available in both broadcast and trowel grades and can be custom blended to meet project specifications.

QUARTZ is best in high-traffic environments where durability is priority. The natural coarse texture of QUARTZ can be used to add anti-skid and anti-slip properties to resinous flooring systems.
