

Continuously Insulated Cement Plaster Stucco System Featuring Finestop RA/RS/VB Air/Water-Resistive Barrier Typical Details

(THIS PAGE INTENTIONALLY LEFT BLANK)

Typical Details

Table of Contents

- 1. Typical Fastening Pattern
- 2. Typical Framed / Sheathed Construction
- 3. Typical Masonry / Concrete Construction
- 4. Typical Termination at Foundation Flush with Casing / Stop Bead
- 5. Typical Termination at Foundation with Casing / Stop Bead
- 6. Typical Termination at Foundation with CI Weep Track
- 7. Typical Change in Substrate
- 8. Typical Trim Junction
- 9. Typical Surface Control Joint
- 10. Typical Inside Corner Control Joint Framed / Sheathed Construction
- 11. Typical EPS Shape Application
- 12. Typical Corner Bead
- 13. Typical Decorative Shape
- 14. Typical Window Head (Flush)
- 15. Typical Window Head (Recessed)

- 16. Typical Flanged Window Head
- 17. Typical Window Jamb (Flush)
- 18. Typical Window Jamb (Recessed)
- 19. Typical Flanged Window Jamb
- 20. Typical Window Sill (Flush)
- 21. Typical Window Sill (Recessed)
- 22. Typical Flanged Window Sill
- 23. Typical Pipe Penetration
- 24. Typical Dryer Vent
- 25. Typical Downspout
- 26. Typical Light Fixture
- 27. Typical Termination at Metal Coping / Roof Edge Flashing – Option 01
- 28. Typical Termination at Metal Coping / Roof Edge Flashing – Option 02
- 29. Typical Flashing / Termination at Roof
- 30. Typical Kick-Out Flashing

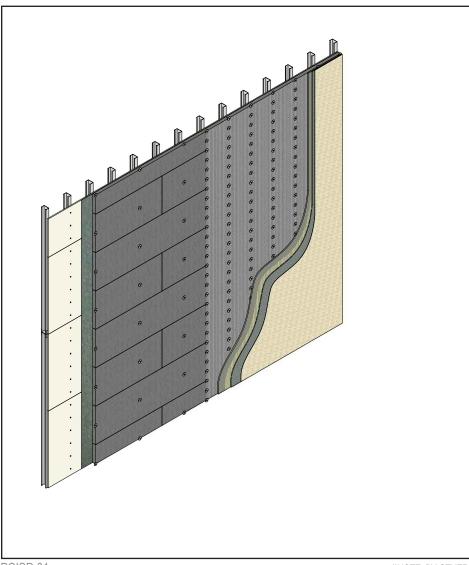

Notes:

- Install Master Builders Solutions materials in accordance with current installation instructions.
- Unsatisfactory conditions shall be reported to the General Contractor and corrected before the application of Master Builders Solutions products.
- The details within represent Master Builders Solutions Construction Systems US, LLC (hereinafter Master Builders Solutions) latest recommendations. They are presented in good faith by Master Builders Solutions. The details are subject to change without notice. Master Builders Solutions accepts no liability for the end use of the details. For conditions not shown, consult Master Builders Solutions for review of specific detail.

Warranty

Master Builders Solutions Construction Systems US, LLC ("Master Builders") warrants this product to be free from manufacturing defects and to meet the technical properties on the current Technical Data Guide, if used as directed within shelf life. Satisfactory results depend not only on quality products but also upon many factors beyond our control. Master Builders MAKES NO OTHER WARRANTY OR GUARANTEE, EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE WITH RESPECT TO ITS PRODUCTS. The sole and exclusive remedy of Purchaser for any claim concerning this product, including but not limited to, claims alleging breach of warranty, negligence, strict liability or otherwise, is shipment to purchaser of product equal to the amount of product that fails to meet this warranty or refund of the original purchase price of product that fails to meet this warranty, at the sole option of Master Builders. Any claims concerning this product must be received in writing within one (1) year from the date of shipment and any claims not presented within that period are waived by Purchaser. Master Builders WILL NOT BE RESPONSIBLE FOR ANY SPECIAL, INCIDENTAL, CONSEQUENTIAL (INCLUDING LOST PROFITS) OR PUNITIVE DAMAGES OF ANY KIND.

Purchaser must determine the suitability of the products for the intended use and assumes all risks and liabilities in connection therewith. This information and all further technical advice are based on Master Builders' present knowledge and experience. However, Master Builders assumes no liability for providing such information and advice including the extent to which such information and advice may relate to existing third party intellectual property rights, especially patent rights, nor shall any legal relationship be created by or arise from the provision of such information and advice. Master Builders reserves the right to make any changes according to technological progress or further developments. The Purchaser of the Product(s) must test the product(s) for suitability for the intended application and purpose before proceeding with a full application of the product(s). Performance of the product described herein should be verified by testing and carried out by qualified experts.

For professional use only. Not for sale to or use by the general public.
