SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Components

Chemical name	CAS-No.	Concentration (% w/w)
bisphenol A-epichlorohydrin resin	25068-38-6	>= 0.1 - < 75
Reaction product: bisphenol-A- (epichlorhydrin)-Epoxy resin (number average molecular weight <= 700)	25068-38-6	>= 0 - < 75
1,3-bis(2,3-epoxypropoxy)-2,2- dimethylpropane	17557-23-2	>= 10 - < 15
Titanium dioxide	13463-67-7	>= 1 - < 3

SECTION 4. FIRST AID MEASURES

General advice :

Remove contaminated clothing.

Move out of dangerous area. Show this material safety data sheet to the doctor in attendance.

Version 1.0	Revision Date: 08/21/2020	-	0S Number: 0000259983	Date of last issue: - Date of first issue: 08/21/2020
			Do not leave the	victim unattended.
lf in	haled	:	Keep patient calm tion.	n, remove to fresh air, seek medical atten-
			advice.	ace in recovery position and seek medical ist, call a physician.
In c	ase of skin contact	:	Wash thoroughly	with soap and water
			If skin irritation pe If on skin, rinse w If on clothes, rem	
In c	ase of eye contact	:		es for at least 15 minutes under running held open, consult an eye specialist.
			Remove contact I Protect unharmed Keep eye wide op	d eye.
lf sv	vallowed	:	Immediately rinse seek medical atte	e mouth and then drink 200-300 ml of water, ntion.
			Keep respiratory to Do not give milk of Never give anythi	water and drink afterwards plenty of water. tract clear. or alcoholic beverages. ng by mouth to an unconscious person. ist, call a physician.
and	st important symptoms effects, both acute and ayed	:	Causes skin irrita May cause an alle Causes serious e	ergic skin reaction.
Note	es to physician	:	Treat symptomati	cally.

SECTION 5. FIRE-FIGHTING MEASURES

Suitable extinguishing media	:	Water spray Foam Dry powder Carbon dioxide (CO2)
Unsuitable extinguishing media	:	High volume water jet
Specific hazards during fire fighting	:	Do not allow run-off from fire fighting to enter drains or water courses.
Further information	:	Collect contaminated fire extinguishing water separately. This must not be discharged into drains.

Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. Special protective equipment in the disposed of in accordance with local regulations. SPECTION 6. ACCIDENTAL RELEASE MEASURES Personal precautions, protective equipment. ive equipment and emergency procedures Environmental precautions Prevent product from entering drains. Prevent further leakage or spillage if safe to do so. If the product contaminates rivers and lakes or drains inform respective authorities. Methods and materials for containment and cleaning up Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Keep in suitable, closed containers for disposal. SECTION 7. HANDLING AND STORAGE Advice on protection against in the product is not explosive. Fire and explosion Advice on safe handling Do not breathe vapors/dust. Avoid contact with skin and eyes. For personal protection see section 8. Smoking, eating and drinking should be prohibited in the application area. Dispose of rinse water in accordance with local and national regulations. Persons susceptible to skin sensitization problems or automater alleries, which are opened must be carefully resealed and kept upright to prevent leakage. Electrical installations / working materials must comply with the technological safety standards. Further information on stor- age conditions Keep only in the original container in a cool, dry, well- ventilated place. Protect from direct sunlight.	/ersion I.0	Revision Date: 08/21/2020		0S Number: 0000259983	Date of last issue: - Date of first issue: 08/21/2020	
for fire-fighters essary. SECTION 6. ACCIDENTAL RELEASE MEASURES Personal precautions, protec- tive equipment and emer- gency procedures Use personal protective equipment. Environmental precautions : Prevent product from entering drains. Prevent further leakage or spillage if safe to do so. If the product contaminates rivers and lakes or drains inform respective authorities. Methods and materials for containment and cleaning up : Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Keep in suitable, closed containers for disposal. SECTION 7. HANDLING AND STORAGE . Advice on protection against : Product is not explosive. fire and explosion Normal measures for preventive fire protection. Advice on safe handling : Do not breathe vapors/dust. Avoid contact with skin and eyes. For personal protection see section 8. Smoking, eating and drinking should be prohibited in the ap- plication area. Dispose of rinse water in accordance with local and national regulations. Persons susceptible to skin sensitization problems or asthma allergies, chronic or recurrent respiratory disease should not be employed in any process in which this mixture is being used. Conditions for safe storage : Keep container tightly closed in a dry and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage. Electrical installations / working materials must comply with the technological safety standards. Fu

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Ingredients with workplace control parameters

Components	CAS-No.	Value type (Form of exposure)	Control parame- ters / Permissible concentration	Basis
Titanium dioxide	13463-67-7	TWA value	10 mg/m3	ACGIHTLV
		PEL (Total dust)	15 mg/m3	29 CFR 1910.1000 (Table Z-1)
		TWA value (Total dust)	10 mg/m3	29 CFR 1910.1000 (Table Z-1-A)
		TWA (total dust)	15 mg/m3	OSHA Z-1
		TWA (Total dust)	10 mg/m3	OSHA P0
		TWA	10 mg/m3 (Titanium dioxide)	ACGIH

Engineering measures : No applicable information available.

Personal protective equipment

Respiratory protection	:	When workers are facing concentrations above the occupa- tional exposure limits they must use appropriate certified respirators.
Hand protection		
Remarks	:	The suitability for a specific workplace should be discussed with the producers of the protective gloves.
Eye protection	:	Eye wash bottle with pure water Tightly fitting safety goggles Wear face-shield and protective suit for abnormal processing problems.
Skin and body protection	:	Impervious clothing Choose body protection according to the amount and con- centration of the dangerous substance at the work place.
Protective measures	:	Do not inhale gases/vapours/aerosols. Avoid contact with the skin, eyes and clothing. Avoid exposure - obtain special instructions before use. Handle in accordance with good building materials hygiene and safety practice. Wearing of closed work clothing is recommended.
Hygiene measures	:	When using do not eat or drink.

When using do not smoke. Wash hands before breaks and at the end of workday. SECTION 9. Oxid	izing properties	:	Based on its stru as oxidizing.	ctural properties the product is not classified
Subli	imation point	:	No applicable inf	ormation available.
Mole	cular weight	:	No data available	9
Meta	l corrosion rate	:	Corrosive effects	to metal are not anticipated.

SECTION 10. STABILITY AND REACTIVITY

Reactivity	:	No decomposition if stored and applied as directed.
Chemical stability	:	No decomposition if stored and applied as directed.
Possibility of hazardous reac- tions	:	No decomposition if stored and applied as directed.
Conditions to avoid	:	See SDS section 7 - Handling and storage.
Incompatible materials	:	Strong acids Strong bases Strong oxidizing agents Strong reducing agents
Hazardous decomposition products	:	No hazardous decomposition products if stored and handled as prescribed/indicated.

SECTION 11. TOXICOLOGICAL INFORMATION

Acute toxicity

Not classified based on available information.

Product:		
Acute oral toxicity	:	Remarks: No applicable information available.
Acute inhalation toxicity	:	Remarks: No applicable information available.
Acute dermal toxicity	:	Remarks: No applicable information available.
Skin corrosion/irritation Causes skin irritation.		

Product:

SECTION 13. DISPOSAL CONSIDERATIONS

Disposal methods	
Waste from residues	 Do not contaminate ponds, waterways or ditches with chemical or used container. Dispose of in accordance with national, state and local regulations. Do not discharge into drains/surface waters/groundwater.
Contaminated packaging	Contaminated packaging should be emptied as far as possible and disposed of in the same manner as the sub- stance/product.

SECTION 14. TRANSPORT INFORMATION

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

Domestic regulation

49 CFR

Not regulated as a dangerous good

Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

We support worldwide Responsible Care® initiatives. We value the health and safety of our employees, customers, suppliers and neighbors, and the protection of the environment. Our commitment to Responsible Care is integral to conducting our business and operating our facilities in a safe and environmentally responsible fashion, supporting our customers and suppliers in ensuring the safe and environmentally sound handling of our products, and minimizing the impact of our operations on society and the environment during production, storage, transport, use and disposal of our products.
