

# MasterTop CLN 50

Universal cleaning and degreasing agent for MasterTop and Ucrete floors.

## MATERIAL DESCRIPTION

MasterTop CLN 50 is a powerful, water based biodegradable cleaner for professional use.

## MAIN FIELD OF APPLICATION

For a quick and efficient removal of grease, dirt, carbon, oil, soot, nicotine deposits and other persistent stains on MasterTop and Ucrete floors.

## FEATURES AND BENEFITS

MasterTop CLN 50 is featured by the following topics:

- can be used as universal cleaning or degreasing agent;
- can be used for coated and non-coated surfaces;
- can be diluted with hot or cold water;
- approved by the Dutch research laboratory TNO for use in an environment where food is produced or prepared and for the use of cleaning machinery used for the production or preparation of food.

## PACKAGING

5 liters pail.

## STORAGE

Store in frost free condition. Store in original pails, under dry conditions and a temperature ranging from 15 - 25°C. Do not expose to direct sunlight and keep the temperature within the above mentioned range.

## APPLICATION PROCEDURE

We recommend the application of MasterTop CLN 50 with a spray nozzle and wipe the surface clean with a moist cloth or rinse clean with water. When cleaning machinery always rinse with water.

Cleaning cycles	Dilution
Standard	1 liter of MasterTop CLN 50 mixed with 20 liters of water (1 / 20)
Deep	1 liter of MasterTop CLN 50 mixed with 10 liters of water (1 / 10)
Special	1 liter of MasterTop CLN 50 mixed with 1 liter of water (1 / 1)

Data		
Soluble in water		Complete
pH	1 part of MasterTop CLN 50 and 2 parts of water	12,8
	1 part of MasterTop CLN 50 and 5 parts of water	12,5
	1 part of MasterTop CLN 50 and 10 parts of water	12,2
	1 part of MasterTop CLN 50 and 20 parts of water	11,8

## WARNING AND PRECAUTIONS

Do not use MasterTop CLN 50 on glass or mirrors as MasterTop CLN 50 might have an etching effect on these surfaces. Wash hands thoroughly after handling. Use personal protective equipment as required. In case of contact with skin, wash with plenty of water and soap. In case of contact with the eyes, rinse with water carefully for several minutes. Remove contact lenses. Immediately contact a toxic control centre or a doctor. For further information, please refer to the material safety data sheet.

## SAFETY INSTRUCTION

For information on the correct and safe use, transport, storage and disposal of the product, consult the most recent Safety Data Sheet.
