## ポゾリス ソリューションズ 製品の価格改定

ポゾリス ソリューションズ株式会社（本社：神奈川県茅ヶ崎市、代表取締役 池田尚浩。以下「当社」）は、コンクリート用化学混和剤と建材製品（以下「当該製品」）の価格改定を実施することとし、取引先との交渉を開始いたします。

この度の価格改定は、原材料費の上昇や輸送費などの物流コストが増加していることが要因です。当社はこれまでも生産プロセスの効率化や物流合理化によるコスト削減に努めてまいりましたが、自社では吸収することはできないと判断し、適正品質の製品の安定供給体制を維持していくためには、お客様に価格改定をお願いせざるを得ないという結論に達しました。

価格改定は2022年1月1日出荷分より順次実施させていただきます。

当該製品の価格改定幅に関しては以下の通りです。

### コンクリート混和剤

- ・ AE 減水剤 : 公表価格 +20 円/kg
- ・ AE 減水剤 高機能タイプ : 公表価格 +40 円/kg
- ・ 高性能 AE 減水剤 : 公表価格 +60 円/kg
- ・ その他製品 詳細につきましては弊社営業担当にお問い合わせください。

建材製品

- ・ 建材製品全般 : 現行価格 +15%

ポゾリスソリューションズは継続的な研究開発に取り組んでおり、更なる顧客満足のために最高の品質と優れたサービスを提供してまいります。

## Price Revisions for Pozzolith Solutions Products

Pozzolith Solutions Ltd. (Head Office: Chigasaki City, Kanagawa Prefecture; President: Takahiro Ikeda) has decided to implement price revisions for its chemical admixtures for concrete and construction materials products.

This price revision is due to the hiking cost of raw materials and increasing logistics costs such as transportation and warehousing. We have been making efforts to reduce costs by improving the efficiency of production processes and streamlining logistics, however, given the extreme situation we are experiencing in 2021, we are in an exceptional circumstance where price increase is required in order to maintain a stable supply system of products of appropriate quality.

The price revision will be implemented sequentially starting with shipments on January 1, 2022.

The range of the price revision for the products are as follows

### Concrete admixture

- AE water reducing agent: Announced price +20 yen/kg
- AE water reducing agent high performance type: Announced price +40 yen/kg
- High-range AE water reducer: Announced price +60 yen/kg
- For other products, please contact our sales representatives.

### Construction material products

- General construction material products: Current price +15%

Our strategy is to continue to be a reliable partner to our customers. Pozzolith Solutions is committed to continuous research and development, and will continue to provide the highest quality and superior service for further customer satisfaction.

### **About Master Builders Solutions**

Under the global umbrella brand Master Builders Solutions®, we offer advanced chemical solutions for the construction, maintenance, repair and renovation of structures. The brand is built on more than 100 years of experience in the construction industry. Our comprehensive portfolio encompasses concrete admixtures, cement additives, chemical solutions for underground construction, waterproofing systems, sealants, concrete repair & protection systems, performance grouts, and performance flooring systems as well as solutions for on- and offshore wind energy. To solve our customers' specific construction challenges from conception through to completion of a project, we draw on our specialist know-how, regional expertise and the experience gained in countless constructions projects worldwide. We leverage global technologies and our in-depth knowledge of local building needs to develop innovations that help make our customers more successful and drive sustainable construction. We operate production sites and sales offices in more than 60 countries.

### **About MBCC Group**

The MBCC Group is one of the leading suppliers of construction chemicals and solutions worldwide and has emerged from the carve-out of the former BASF Construction Chemicals business from BASF Group. We offer innovative and sustainable products and solutions for the construction industry across different sectors, such as buildings, structures, underground construction and new construction as well as for renovation. Our strong brands Master Builders Solutions®, PCI®, Thermotek®, Wolman®, Fire Protectors®, Colorbiotics®, Watson Bowman Acme®, TPH®, and Bluey®, are well established in the marketplace. With our innovations, we address sustainability challenges in the industry. MBCC Group consists of approximately 70 legal entities worldwide and is home to around 7,500 construction experts in over 60 countries.
